C., says: "He has action, voice, language, logic, passion, fire, pathos, and deeper than all, a noble moral earnestness for the highest things. He has insight and sees into the heart of things. He is a patient student and careful in his analysis of his theme, and so simple, so direct, so captivating in his style, his audience grasps in a moment the results of his months of careful toil."

Look Forward to Our Fair.

Higginsville Leader:

Members of the guarantee fund for the Lafayette County Fair met Thursday of last week in Secretary C. A. Keith's office. Mr. Keith's report of receipts and expenditures was read and adopted. A large outlay was made for improvements and the grounds are in a very good shape. More seating capacity and more display room was discussed. It was agreed that larger premiums in certain lines be offered. A vote of thanks was given Mr. Keith for his untiring and efficient services as secretary, credit being largely due him in the matter of the fair's success. Mr. L. L. Lake, as president, and each member of the board of directors are to be congratulated upon the talent, energy and judgement that have conspired to make the fair's success. T. J. Miller, C. W. Hutchason, C. F. Grau, Ike H. Noyes and W. B. Waddell of Lexington are as committee to secure guarantors for the coming year and they are meeting with splendid success. Prospects were never brighter than at present moment.

CURED CONSUMPTION

Mrs. B. W. Evans, Clearwater, Kan., writes, My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 25c, 50c, and \$1.00. Sold by Crenshaw & Young. 3-3ml

The Modern Minstrels.

Wellington News: The Modern Minstrels gave an entertainment here at the Odd Fellows hall last Tuesday night, March 13, to the largest audience that has ever attended a show in Wellington.

The cast was excellent. Miss Opal Webb as piano player, W. R. Trotter as his songs and monologues, Warren Vinton in song, "Gray;" Harry D. in a song, "The Message of the Moonbeams," distinguished themselves, as did also A. Sheets in "I'm Longing for You," W. Smock in "Out in the Deep," G. Sheets in "When the Bees Are in the Hive," and G. Drumm in "Everybody's in Slumber Land but You and Me."

This show was pronounced by those in attendance to be one of the best that has ever visited Wellington.

THE BEST COUGH SYRUP.

S. L. Apple, ex Probate Judge, Ottawa, Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c and \$1.00. Sold by Crenshaw & Young. 3-3ml

Formerly of This County.

Higginsville Leader: Albert Allen and Miss Leona Corder were married in Independence, the home of the bride recently. The bride is the daughter of the late Jackson Corder, and recent years a resident of Corder. Mr. Allen is justice of peace of Sugar Creek township, Jackson county.

Born, at Emma, Sunday, March 11, to the wife of Theodore Hennesa a son.

A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief," writes Harry Elmer, of No. 1465 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit a dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

These tiny, sugar-coated antirheumatic granules regulate and invigorate stomach, liver and bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, or four for an active cathartic. Once tried always in favor. Put up in vials: always fresh and reliable.

Boys' and Girls' Industrial Club.

The state superintendent recommends the formation of industrial clubs among school children. In states having county supervision, like Illinois and Nebraska, these clubs have been pushed and attract national attention. Two Missouri counties having county supervision have done something along this line. The seventeen county superintendents and sixty-seven county commissioners cannot do better for their schools than to interest the advanced classes in the district school in club work. Let the boys organize corn growing, fruit growing or vegetable growing clubs, the kind depending on dominant interests of the community. Let girls organize domestic science clubs. Perhaps a union of all into one "Industrial Club" would be better. Each club could then have its departments along lines of best adaptation, the main object being to promote industrial education to the end that farm life be fuller of elements both material and social that make it worth while. For information concerning this club work, address Supr. J. L. Melhien, Lincoln, Nebr., or Supr. O. J. Kern, Rockford, Ill.

One would think the laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for coughs and colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the Original Laxative Cough Syrup, the best known remedy for coughs, colds, croup, whooping cough, etc. Tastes good and harmless. Sold by Crenshaw & Young. 3-3ml

Fruit Conditions.

J. C. Whitten, Horticulturist of the University of Missouri, reports that the present cold snap has not seriously injured the fruit crop, peaches alone having been slightly damaged, and they, only in a small section of the state. Curiously enough the greater damage has been done in the Southwest counties and the least in the Northwest. This is due to the fact that it has been colder in the Southwest section. Notwithstanding the slight injury, the chances are decidedly in favor of a good crop of peaches this year. The trees have had a superabundance of buds and can stand a turning out and still yield a full crop. Usually, if the buds are not killed by the first week of March, they pass through the winter in safety, so while later freezes may make the crop light, the odds are in favor of a good yield.

GIVES HEALTH, VIGOR AND TONE.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The dropping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriell, Middlesboro, Ill., writes, I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's life time." 50c. Sold by Crenshaw & Young. 3-3ml

Arbor Day.

Governor Folk has called attention to arbor day and made excellent suggestions. It will do little good to plant trees in April and leave them to care for themselves. If good is to result from such observance, let there be permanent organization of the children for that purpose. If arbor day is made the annual celebration of boys and girls who are members of "Industrial Clubs," it will mean something. The State Superintendent will assist any county or local organization and the Missouri School Journal will be the medium of communication. What county or locality will be the first to organize? Let Missouri schools and homes be cited for every day in the year. The boys and girls should learn how and be interested in it.

BLOCKADED.

Every Household Should Know How to Resist It.

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

W. H. McKay, engineer at the Abernathy Mfg. Co., and living at 1110 Dakota street, Leavenworth, Kan., says: "Though I doctored and tried all kinds of medicines I suffered severely from kidney trouble for all of a year, and nothing seemed to do me the least bit of good. The pain in my back was terrible and the sharp twinges would cramp me up at times so that I could hardly move. The kidney secretions were irregular and contained a great deal of sediment that looked like brick dust. One physician who had treated me said I had muscular rheumatism, but he did not help me. After giving up all hope of finding relief I happened to learn through a friend about Doan's Kidney Pills and got a box at E. C. Fritche's drug store. I found benefit in the treatment and continued it until I had taken three boxes. I was entirely cured of kidney trouble and have had no sign or symptom of it since. If ever any medicine saved a man's life Doan's Kidney Pills saved mine. I have been well for nearly six years, and know several people who have used Doan's Kidney Pills on the strength of the testimonial I gave in 1899 recommending them. I have yet to hear of a case in which this remedy failed."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other. 3 1712

DOCTORS ARE PUZZLED.

The remarkable recovery of Kenneth Melver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says in his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and lagrippe. Guaranteed at Crenshaw & Young drug store. 50c and \$1.00. Trial bottle free. 3-3ml

Charles A. Edwards who heard all the expert testimony and the debate in the pure food bill, says: "Preservatives are never added to food to adulterate it, nor to keep it waste it is canned or bottled, as the case may be. Their sole use is to keep the food from developing germs after the package has been opened and exposed to the air, and if this were not done everything would become dangerous to health unless used immediately upon opening. A bottle of catsup will often be on a table for a month after opening before being used up. Without a trifle of benzoate of soda it would soon become germ infected and spoil. Nature resists this, for in every fruit and berry will be found either benzoic or salicylic acid, and we have been eating them for centuries without harm. There is no more reason why we should object to ordinary preservatives than there is for us to object to common salt, for that is just what salt is, and exactly what it is used for, and there is not the slightest scientific evidence in the world that preservatives in the quantities used injure our health or bodies in the slightest degree, while science has demonstrated that properly used they save numberless lives each year."

Rev. H. E. Stout, of Centralia, has been elected president of Howard-Payne College at Fayette, vice Hyram D. Groves deceased.
